Hi Anna,

Earlier today we bought tomato and Cumberland sausages from you at the market at the Humber Bridge. Tonight, we barbecued the sausages and have to say that they were delicious. Tomorrow, comes the real test, I shall try them cold.

We have visited your website and it is great to know that there are people like you who really do care for their animals.

Even though we live out at Kilnsea, near Spurn, I promise we shall be back for more.

Keep up the good work.

Peter and Lizzy Martin
